

The second round call of 2013 7th Sanya International CSP Symposium

To strengthen the exchanges on Concentrated Solar Thermal Power (CSP) and promote its development, 2013 7th Sanya International CSP Symposium will be held on 12-14 August in Sanya, Hainan Province.

The forum was inaugurated in 2007 and is held in Sanya city each year, which is the only large international annual symposium in Asia about CSP. The participants cover a wide range, from researchers, industrial staff and investors to governmental officials.

Organizer:

Chinese Renewable Energy Society

Chinese Society of Engineering Thermophysics

Department of High and New Technology Development and Industrialization,
Ministry of Science and Technology

Host:

National Solar Thermal Energy Alliance

Institute of Electrical Engineering, Chinese Academy of Sciences

Co-host:

Hainan Renewable Energy Association

SunCan Co., Ltd

Forum theme:

Promoting the CSP technology into commercialization

Symposium Form:

1. The forum language will be both Chinese and English. Forum presentations are expected to reflect the latest research and achievements of CSP both at home and abroad. Papers submitted should not be published in neither domestic nor foreign journals or presented in any other academic conferences.
