

ISES Solar World Congress 2015

**Call for Participation: Abstract Submission Now Open**

The International Solar Energy Society (ISES) and the Korean Solar Energy Society (KSES) are pleased to invite you to the ISES Solar World Congress 2015 which will be taking place in Daegu, Korea from 8 – 12 November 2015. Join us for this unique opportunity to present and share your work, connect with the international renewable energy community and learn about the latest in renewable energy developments world-wide.

Submit your abstract by 30 March 2015 through the online submission process on the SWC2015 website.

All abstracts will be blind-reviewed by at least three designated Scientific Committee members. The abstract and paper review process will be led by the Scientific Committee Chairs and Theme Chairs, international experts from leading research institutes.

Abstracts are invited on a broad range of topics under the Congress themes.

- Solar Buildings and Architecture
- Resource Assessment and Energy Meteorology
- Renewable Electricity Technologies: PV
- Renewable Electricity Technologies: CSP, Biomass, Geothermal, Wind, Hydro, Ocean and Other
- Solar Heating and Cooling
- Solar Energy and Society
- Energy Storage
- Renewable Energy Grid Integration and Distribution
- Off-Grid and Rural Energy Access
- Clean Transportation Technologies and Strategies

Accepted papers presented at the Congress will be published with an individual DOI in the conference proceedings on a publicly accessible and searchable online database. See detailed information about the review process and guidelines.

**>>> Submit your abstract by 30 March 2015 <<<**

For more information, visit the SWC2015 website: [www.swc2015.org](http://www.swc2015.org)

See you in Daegu!

A conference of: The International Solar Energy Society

Hosted by: The Korean Solar Energy Society
